## Robust cut-resistant work gloves, offering thermal and cut protection with added durability

- Heightened protection:** ActivArmr® 70-761 cut-resistant gloves meet ANSI/ISEA 105-2024 CUT A4 and EN ISO D standards. Their blend of aramid, nylon, polycotton, natural rubber wrapped in polyester and acrylic also provides moderate abrasion resistance.
- Enhanced features:** These industrial gloves also feature a reinforced thumb crotch made from aramid, for additional hand protection in this zone
- Specialized defenses:** ActivArmr® 70-761 protective gloves also satisfy EN 407 contact heat level 1 standards, for moderate thermal protection
- Elevated comfort:** These safety gloves boast an ergonomic design shaped to natural hand contours, thereby protecting hands while offering wearers form-fitting comfort

### Industries

- Automotive
- Automotive Aftermarket
- Machinery and Equipment
- Metal fabrication

### Applications

- Handling metal sheets & panels
- Handling parts with sharp, rough edges
- Chassis assembly, body trimming
- Welding
- Seizing rough blocs and cylinders
- Seizing and finishing structural parts
- Seizing structural parts
- Foundry operations
- Handling materials with sharp or rough edges
- Handling parts in high heat areas

Previously known as: Vantage® 70-761

### Key Features

- Exclusive fiber blend:** For durable, highly cut-resistant gloves
- Reinforced aramid thumb crotch:** Reinforced personal protection
- Thermal-protective design:** Moderate contact heat resistance

### Performance Standards & Regulatory Compliance
