

## Electrical Insulating Gloves Class 0 - RIG014Y

Form-fitting electrical insulating gloves, blending comfort, durability and flexibility

Previously known as: E093

Electrical

Light Duty

## Durable, form-fitting electrical safety gloves, protecting workers\* in flexible comfort

- **Heightened durability and flexibility:** Made from latex, using an environmentally friendly dipping process, ActivArm® Electrical Insulating Gloves Class 0 - RIG014Y are flexible and durable
- **Advanced ergonomics:** These electrical insulated gloves' non-splayed fingers and hand-at-rest shape limit hand fatigue
- **Elevated comfort:** A flared cuff leaves room for clothing and ventilation
- **Increased practicality:** Their smooth finish makes for easy donning and doffing
- **Specialized defenses:** They are arc flash certified (APC 1 in combination with 96-002 leather gloves), can withstand a touch voltage AC maximum of 1000 V (DC maximum 1500) and tolerate acid, ozone and very low temperatures\*\*
- **Certified protection:** They also comply with relevant CSA, NFPA and OSHA standards for electrical protection gloves  
\*In accordance with EN 61482-1-2  
\*\*Category A, Z and C respectively

### Industries

- Automotive
- Electrical
- Construction
- Mining
- Machinery and Equipment

### Applications

- Applications with risk of touch voltage
- Electrical Contractors
- Hybrid engine manufacturing and repair
- Maintenance Repairs and Operations in all industrial environments (MRO)
- Mass Transit Repair and Maintenance
- Power maintenance, repair & transmission
- Telecom repair near electrical wires

## Electrical Insulating Gloves Class 0 - RIG014Y

Form-fitting electrical insulating gloves, blending comfort, durability and flexibility

Previously known as: E093

### Key Features

- **Natural rubber latex formulation:** Great flexibility and durability
- **Ergonomic design:** For electrical PPE that causes minimal hand fatigue
- **Generous flared cuff:** Adequate space for both clothing and ventilation  
\*Arc flash certified as per IEC 614821-2:2014 and ATSM F2675:2021 standards

### Performance Standards & Regulatory Compliance
