

Previously known as: MICROCHEM® by AlphaTec® 1500 - Model 106

Particle-filtering SMS protective suit, offering wearers light chemical resistance in breathable comfort.

- **Specialized protection:** Granting wearers low-hazard chemical protection, the AlphaTec® 1500 Stitched - Model 106 guards against 100% of particles over 3 microns in size*
- **Heightened breathability:** Air- and water vapor-permeable, this protective body suit limits excessive heat stress, for more breathable daily comfort
- **Reduced surface defect risks:** The silicone-free nature of this protective outer garment makes it perfect for spray-painting applications, avoiding the risk of contaminant transfer to metal
- **Enhanced fit and features:** The AlphaTec® 1500 Stitched - Model 106's comfort levels are also enhanced by its optimized fit and it features a three-piece hood for added protection

*this chemical-protective suit ensures CE Category III Type 5/6 protection

Industries

- Machinery and Equipment
- Construction
- Chemical

Applications

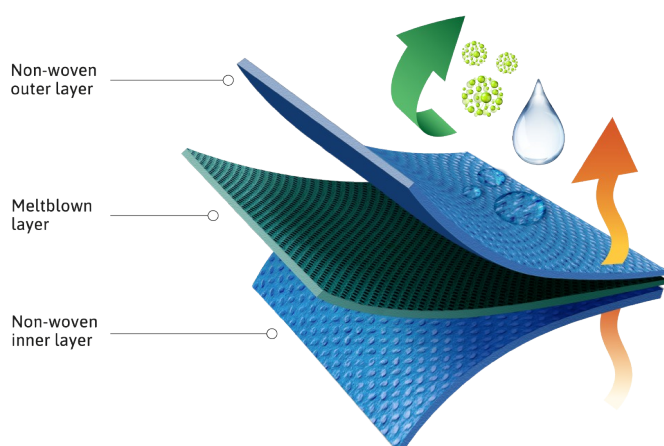

- Inspection (picking, checking and marking)
- Asbestos Related Work
- Handling of powders
- General maintenance

KEY FEATURES & BENEFITS

- **Particle-filtering SMS fabric:** Filters 100% of particles over 3 microns*
- **Air and water vapor permeability:** Protection from heat stress
- **Silicone-free design:** Ideal for spray-painting applications

*according to the KAKEN particle penetration test
