

Medium-duty PVC apron, for protection against acids, bases, oils, fats, punctures, and abrasion

- **Specialized protection:** The AlphaTec™ 56-015 protective apron is designed with a die-cut 5-6 mil PVC construction, blending flexibility with puncture and abrasion resistance, while protecting against oils, fats, acids, bases, and other chemical splashes
- **Optimized fit:** This medium-duty apron's one-piece construction is economical and features an integral head opening and ties, which enable wearers to easily adjust it and find the most comfortable fit for them
- **Reduced contamination risks:** Thanks to a seamless vinyl construction, this protective apron boasts high-level durability and minimizes the risk of trapping contaminants, while remaining easy to clean

Industries

- Food Processing
- Life Sciences

Applications

- Storing and transportation
- Transferring liquids
- Packing of fillets and ground meat
- Plant disinfection and sanitization
- Equipment maintenance and repair
- Canning
- Bottling

PRODUCT INFORMATION

- ◆ **5-6 mil PVC fabric:** Splash protection against acids, bases, oils, and chemicals
- ◆ **Integral head opening and ties:** For an adjustable, fitted protective apron
- ◆ **Seamless vinyl and PVC construction:** Durability, flexibility and fewer contamination risks
