

Medium-duty PVC apron, ensuring wearer safety against acids, bases, oils, fats, punctures, and abrasion

- **Specialized protection:** The AlphaTec® 56-016 PVC apron is made according to a die-cut 5-6 mil PVC construction, combining puncture and abrasion resistance with superb flexibility, while offering protection from oils, fats, acids, bases, and other chemical splashes
- **Optimized fit:** This medium-duty protective apron's one-piece construction makes it economical, while its integral head opening and ties ensure a comfortable, adjustable fit
- **Reduced contamination risks:** Its seamless vinyl construction also means this safety apron is highly durable and easy to clean, with a lesser risk of trapping contaminants

Industries

- Food Processing
- Life Sciences

Applications

- Packing of fillets and ground meat
- Canning
- Bottling
- Storing and transportation
- Equipment maintenance and repair
- Plant disinfection and sanitization
- Transferring liquids

PRODUCT INFORMATION

- **5-6 mil PVC material:** Splash protection against acids, bases, oils, and chemicals
- **Integral head opening and ties:** For a protective apron that feels fitted yet adjustable
- **Seamless vinyl and PVC construction:** Flexibility and durability, with few contamination risks
