

56-910 PVC Aprons

Previously known as: Vinyl Apron CAS-8 / CAM-8 / CAL-8 / CAXL-8 / CAXXL-8 / CAXXXL-8

Medium-to-Heavy Duty Splash Protection Coat Aprons with greater body coverage

- These coat aprons feature a heavier weight 8mil construction and offer users a combination of chemical splash protection and flexible comfort
- Ansell's PVC aprons offer seams that are dielectrically sealed instead of sewn to reduce potential for contamination
- Four grommeted 15 inch ties provide a durable, consistent and adjustable fit on all sizes
- No exposed elastic or metal parts to cause static or corrosion and no sewn seams that can trap contaminants
- These PVC aprons can be cleaned to Class 100 clean room standards
- · Individually bagged

- Food Processing
- Life Sciences

Applications

- Packing of fillets and ground meat
- Canning
- Bottling
- Storing and transportation
- Equipment maintenance and repair
- Plant disinfection and sanitization
- Transferring liquids

56-910 **PVC Aprons**

Previously known as: Vinyl Apron CAS-8 / CAM-8 / CAL-8 / CAXL-8 / CAXXL-8 / CAXXXL-8

PRODUCT INFORMATION

Reliable Protection

- Wherever oil, grease and chemicals are present, Ansell coat aprons help workers keep clean and protected
- These aprons come with no exposed elastic or metal parts to cause static or corrosion and offer excellent protection where splashes from acids and caustic bases are a concern

Durable

- The virgin vinyl construction contains no reprocessed materials and is flexible with excellent resistance to punctures, abrasion, chemicals, fats, oils and greases
- Sleeves come with elasticized cuffs for added protection
- PVC (vinyl) grommets are permanently sealed to the aprons for durability and allow for size adjustment without tear-out
- Apron contains no metal parts to cause static or corrosion

Comfort and Selection

Six sizes with adjustable ties ensure optimal fit for a wide range of users
