

Reusable nitrile work gloves, offering light-duty protection for various food processing applications

- **Specialized protection:** AlphaTec® 58-009 protective gloves are made from NBR, which ensures good grip and protection against light acids, grease, oils and liquids
- **Increased tactility:** With 0.28mm/11 mil thickness, these light-duty abrasion-resistant gloves combine tactility and dexterity, without compromising durability
- **Genuine versatility:** Thanks to their engineered fit, AlphaTec® 58-009 industrial gloves strike an optimal balance between flexibility and fit, ideal for use on their own or as an overglove
- **Food handling compliance:** Perfect for handling food, AlphaTec® 58-009 safety gloves feature a long cuff that extends protection to the forearm
- **Reduced allergy risks:** They are also latex-free, eliminating the risk of Type I latex allergies, and they feature no silicone

Industries

- Food Processing
- Janitorial / Sanitation

Applications

- Defeathering and skinning
- Cutting up food
- Deboning
- Steaming, frying and roasting
- Packing of fillets and ground meat
- Marinating
- Storing packed meats
- Sanitation

Key Features

- **NBR coating:** Protection against light acids, grease, oils and liquids
- **0.28mm/11 mil thickness:** A balance of durability, tactility and dexterity
- **Engineered fit:** Ideal fit and flexibility, as either glove or over-glove
