AlphaTec®
ADVANCED CHEMICAL PROTECTION

# 58-330

## Chemical gloves with new AQUADRI™ moisture management technology

## Comfortable nitrile work gloves, delivering advanced mechanical and chemical protection

- **Advanced protection:** AlphaTec® 58-330 hand protection gloves are coated with a superior nitrile film for excellent protection against chemicals, snags, punctures and abrasion
- **Elevated comfort:** These protective gloves feature AQUADRI™ Moisture Management Technology, which offers a highly absorbent inner soft foam coating that reduces sweat buildup significantly, providing greater comfort and performance
- **Enhanced grip:** The AlphaTec® 58-330 abrasion-resistant gloves' reverse lozenge palm finish ensures a secure wet and dry grip
- **Added feature:** The foldable cuff gutter on these green chemical gloves prevents dripping on the forearm
- **Food handling compliance:** As these food safety gloves comply with the FDA food handling requirements, they are suitable for food applications

### Industries

- Automotive
- Automotive Aftermarket
- Machinery and Equipment
- Metal fabrication
- Chemical

### Applications

- Assembly & inspection of components
- Oil, fluids and filter change
- Painting or cleaning tools or robots
- Plating, coating, sealing, painting
- Handling incoming goods
- Transferring liquids and solids
- Opening and draining pumps valves or lines
- Loading and unloading of proces equipment
- Transferring liquids and solids between vessels and tanks and process equipment
- Opening furnaces draining pumps valves or lines and crackers BTX process
- Cleaning furnaces, distillation pumps, valves or lines and crackers BTX process
