

NFPA 2112 certified bib-overall is breathable, re-usable and resistant to chemical splash, flash fire and hot liquids.

- **Advanced protection:** The AlphaTec™ Breathable FR Bib Overall 66-652 is designed with chemical splash fabric, which provides splash protection against chemicals
- **Increased defenses:** This reusable protective suit's flame-resistant material also guards against flash fires and hot liquids. It is designed to prevent sparks that could ignite flammable materials.
- **Improved comfort:** Owing to their breathable fabric, these flame-resistant bib overalls lower the risk of heat stress, while increasing productivity
- **Enhanced features:** These chemical protective garments not only have sealed seams and double front storm flaps that deliver leak tight protection from chemical sprays, but also possess flame-resistant adjustable straps and buckles, and hook-and-loop fastenings at the legs

Applications

- Utilities
- Water plants
- Sanitation
- Plant disinfection and sanitization
- Maintenance
- Machining
- Oil Platforms
- Mining
- General maintenance
- Food Processing
- Energy
- Metal Plating
- Pulp and Paper Production
- Potential Flash Fire

KEY FEATURES & BENEFITS

- ◊ **Chemical splash fabric:** Provides splash protection against chemicals
- ◊ **Flame-resistant fabric:** Reduced injuries, enhanced workplace safety
- ◊ **Breathable fabric:** Increased comfort and heat stress protection

Product Information

Product Information	
Available Sizes	S, M, L, XL, 2XL, 3XL, 4XL, 5XL, 6XL, 7XL
Color	Blue
Country Of Origin	Canada
Packaging Overview	Individually packed
Product Material	White Nomex® inner with breathable membrane and Blue Nomex® outer
Standards Overview	- NFPA 2112 - ASTM F1671 - Resistance to bloodborne pathogens - EN 1149-5 - Electrostatic properties
Seam Type	Stitched and Taped
Shelf Life	5 years
Style Number	66652
