

BioClean™ Microflow Face Veil with Studs BFV06

Protective face mask offering reliable personal protection and comfort

- **Reduced contamination risk:** The BFV06 BioClean™ Microflow Face Veil features ultrasonically sealed seams, to reduce the risk of contamination in controlled and critical environments
- **Added protection:** The BioClean™ Microflow Face Veil with Headloop BFV05 is latex-free, reducing the risk of an allergic reaction
- **Elevated comfort:** This high-quality protective face veil is made from soft non-woven material and possesses a fully enclosed, malleable nose-band that covers the nose and mouth securely, without sacrificing comfort
- **Advanced features:** The BFV06 BioClean™ Microflow Face Veil has studs on either side that allows for the secure fastening to cleanroom hoods

Key Features and Benefits

- **Low-linting material:** Reduced risk of contamination
- **Malleable noseband:** For a snug, comfortable fit
- **Side studs for hood attachment:** Improved fit, greater protection

Industries

- Controlled and Critical Environments

BioClean™ Microflow Face Veil with Studs BFV06

TECHNICAL DATA SHEET

PRODUCT INFORMATION

Material	Apertured polyethylene film
Audit Standards	Manufacturing QMS Audit Standards ISO 9001, PPE Regulation 2016 425 Module D
Standards	ISO 2859, ISO 9001:2015
Packaging Overview	50 pieces per sealed inner PE bag; one inner bag per sealed outer PE bag; 10 outer bags per lined carton (500 pieces)
Country Of Origin	China
Storage Instructions	Store in a dry, cool place (<40°C) away from direct sunlight and fluorescent light.

PHYSICAL PROPERTIES

Color	White
Overall Dimensions	LENGTH (± 5mm) 375mm WIDTH (± 5mm) 330mm
Noseband	Plastic coated aluminum

BioClean™ Microflow Face Veil with Studs BFV06

PERFORMANCE INFORMATION

Cleanroom Class	Class 10/ISO 4
Particle Filtration Efficiency	85%
Bacterial Filtration Efficiency	N/A
Differential Pressure	<0.2 mm H2O/cm2
