

ENCORE™ Latex Acclaim

S U R G I C A L G L O V E S

Latex, powder-free surgical gloves for a comfortable, natural fit and feel

- **Superb dexterity and tactile sensitivity:** The latex surgical gloves' optimal thickness, made possible because of its soft yet robust formulation, offers the wearer the dexterity and tactile sensitivity needed for safe and efficient performance
- **Elevated ergonomic comfort:** Together, the unique anatomic formers and soft latex formulation of these powder-free surgical gloves have resulted in certification for ergonomic comfort by United States Ergonomics
- **Excellent grip:** ENCORE® Latex Acclaim feature a smooth external surface with a micro-textured finish to enable safe and secure grip of medical instruments especially when conditions are wet
- **Enhanced donning aid:** Ansell's proprietary donning aid technology ensures effortless donning, be it the first don or during intraoperative changes
- **Tested for chemo handling:** These latex surgical gloves have been tested in accordance with ASTM D6978 and may be safely used to handle a range of chemo drugs*

CAUTION: Safe use of these gloves by latex-sensitized individuals has not been established. This product contains natural rubber latex, which may cause allergic reactions.

* Contact Ansell Customer Service for specific chemotherapy drug permeation times and recommendations

Recommended For

- Tested for use with chemotherapy drugs
- Extra comfort during long, sustained procedures
- Damp donning
- Use as an outer glove when double gloving
