Versatile industrial gloves, combining cut protection, advanced durability and dexterity

- **Heightened protection:** HyFlex® 11-644 cut-resistant gloves’ INTERCEPT™ Cut Resistance Technology helps them achieve EN ISO B/ANSI A2 laceration defenses
- **Enhanced durability:** These abrasion-resistant gloves’ polyurethane coating remains both maneuverable and hard-wearing over time
- **Improved ergonomics:** The 11-644 model’s ergonomic fit and low palm weight makes it perfectly comfortable for highly precise operations
- **Genuine practicality:** HyFlex® 11-644 PPE gloves are also sold in vend pack form, for practical replenishment and re-application in real-world conditions

**Industries**
- Automotive
- Machinery and Equipment
- Metal fabrication
- Utilities
- Warehousing

**Applications**
- Press shop operations
- Handling metal sheets & panels
- Handling parts with sharp, rough edges
- Seizing structural and body parts
- Inspection (picking, checking and marking)
- Feeding the press and removing spare parts from it
- Cutting glasses, sheets, panels
