Advanced defenses: Enriched with Lycra® content, the HyFlex® 11-735’s liner also benefits from patented INTERCEPT™ Cut Resistance Technology, for EN ISO C/ANSI A4 cut protection

Superior durability: Their palm-dipped PU coating makes for robust PPE gloves with long-lasting resilience, achieving EN level 4 and ANSI level 6 abrasion resistance

Lightened comfort: These HyFlex® gloves’ 10G lightweight plaited liner ensures a versatile blend of comfort, flexibility and protection

Enhanced grip: The same polyurethane coating enhances these HyFlex gloves’ grip and performance in dry or slightly oily conditions

Simplified packaging: These PU-coated gloves also come in vend pack form, for convenient access in times of need

Durable EN ISO C/ANSI A4 cut-resistant gloves, offering extended glove life

Industries
- Automotive
- Machinery and Equipment
- Metal fabrication
- Chemical
- Automotive Aftermarket

Applications
- Metalworking & assembly operations
- Assembly & inspection of components
- Assembly and disassembly of equipment
- Seizing structural parts
- Mounting and dismantling
- Fastening components, parts
- Loading and unloading trucks and vehicles
- Handling incoming goods
- Maintenance
- Lock smith
- Compatible with consumer and industrial touchscreens
