# HyFlex®

ADVANCED MECHANICAL PROTECTION

## 11-751

**INTERCEPT® Cut Resistance Technology in a dirt-masking design**

Cut | Medium Duty

# Resilient, cut-resistant polyurethane gloves, with dirt masking for long-lasting wear

- **Heightened durability:** HyFlex® 11-751 PU-coated gloves demonstrate superior durability, with EN level 4 and ANSI level 6 abrasion resistance
- **Advanced protection:** INTERCEPT™ Cut Resistance Technology yarn also grants them EN ISO C/ ANSI 4 cut resistance, making them safer and preventing workplace injuries
- **Considered aesthetics:** HyFlex® 11-751 industrial gloves have been designed with integrated dirt masking, for longer wear
- **Certified performance:** These safety gloves officially comply with Centexbel standards EN 420, for general requirements, and EN 388, for mechanical hazards
- **Guaranteed convenience:** For added practicality, HyFlex® 11-751 industrial working gloves are available in vend pack form, for easy access and re-application

### Industries

- Automotive
- Machinery and Equipment
- Metal fabrication
- Automotive Aftermarket

### Applications

- General maintenance
- Hardware assembly
- Machining / Stamping / Cutting
- Raw material handling
- Seat and frame build
- Compatible with consumer and industrial touchscreens
