HyFlex®

ADVANCED MECHANICAL PROTECTION

11-926

Light duty oil repellent, oil grip multi-purpose glove

Oil | Low Chemical Protection | LD | Light Duty

Lightweight abrasion-resistant gloves with advanced oil-repellent capabilities

- **Specialized protection:** HyFlex® 11-926 industrial safety gloves possess a RIPEL™ Liquid Repellence surface barrier, which prevents skin contact with oil or chemicals, ensuring workplace safety
- **Enhanced grip:** These HyFlex® gloves' three quarter-dipped coating and force-minimizing ANSELL GRIP™ treatment enhances their grip performance
- **Increased flexibility:** HyFlex® 11-926 industrial gloves' ergonomic hand shape and lightweight liner help diminish hand fatigue by making them flexible and maneuverable
- **Elevated comfort:** Spandex® and nylon combine to grant the HyFlex® 11-926's liner a "second skin" feel, for light, comfortable handling
- **Improved durability:** HyFlex® 11-926 industrial working gloves achieve EN and ANSI level 3 abrasion resistance, for long-lasting wear

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication
- Chemical
- Agriculture

Applications

- Metalworking & assembly operations
- Picking, fastening components
- Production line support & maintenance
- Assembling and mounting components
- Loading and unloading rough parts or boxes
- Changing tools and dies
- Final assembly
- Assembly & inspection of components
- Assembly and disassembly of equipment
- Warehousing of raw materials
- Loading and unloading trucks and vehicles
- Handling incoming goods
- Opening furnaces draining pumps valves or lines and crackers BTX process
