# HyFlex®

ADVANCED MECHANICAL PROTECTION

## 70-225

### Medium duty cut resistant gloves

Previously known as: Neptune®

Cut Heat | Medium Duty

# Practical, reversible cut-resistant gloves offering advanced durability

- **Heightened defenses:** HyFlex® 70-225 industrial safety gloves' DuPont™ Kevlar® liner helps them achieve ANSI A3/ISO D cut-resistant glove levels
- **Added practicality:** HyFlex® 70-225 safety gloves' launderable, reversible design means they can be repeatedly washed and worn on either hand, for reduced replacement costs and extra convenience
- **Specialized protection:** These PPE gloves' terry loop weave grants their liner heat insulation capabilities, preventing workplace injuries
- **Improved durability:** HyFlex® 70-225 industrial gloves are abrasion-resistant, with a reinforced thumb welt and EN and ANSI level 3 abrasion protection
- **Elevated comfort:** Their thick liner provides shock absorption, for genuinely comfortable hand protection with a cushioned fit

**Industries**

- Automotive
- Machinery and Equipment

**Applications**

- Metalworking & assembly operations
- Chassis assembly, body trimming
- Seizing structural and body parts
- Inspection (picking, checking and marking)
- Touching up
- Welding
