

Cut

Heavy Duty

## Industrial knitted gloves delivering light-duty cut protection

- **Specialized protection:** HyFlex® 70-330 protective gloves are designed with 100% DuPont™ Kevlar® material, providing superior mechanical strength in light to heavy-duty handling and production applications, protecting hands from the sharp edges of metals, ceramics, glass and other materials
- **Enhanced features:** These Ansell cut protection gloves feature a reversible design, allowing them to be worn on either hand, thus reducing replacement costs
- **Improved durability:** These long-lasting safety gloves are launderable and can be washed repeatedly, which helps to extend wear life

### Industries

- Automotive
- Machinery and Equipment

### Applications

- Welding, bonding, riveting
- Handling structural and body components
- Inspection, selecting, checking parts
- Seizing structural and body parts
- Inspection (picking, checking and marking)
- Touching up
