# Ansell

## **MICRO-TOUCH®** Plus Sterile

#### Performance Series

### Latex, powder-free, sterile examination glove with excellent tactile sensitivity and grip

- **Comfortable fit:** This latex glove has excellent elasticity, allowing it to stretch easily and return to its original shape, providing the ultimate fit, feel and comfort
- **Sterile:** This glove is sterile, making it is ideal for sterile medical exam (non-surgical) procedures
- Barrier protection: These gloves also offer superior strength and barrier protection
- Easy donning: The inner polymer coating enables effortless damp and dry donning
- Secure grip: Includes a fully textured surface for enhanced grip and handling in wet or dry conditions
- Smart packaging: Packaged as a single sterile glove per pouch

CAUTION: This product contains natural rubber latex, which may cause allergic reactions

### **Recommended For**

- Sterile procedures outside of the O.R.
- Brief, low-risk examination procedures

### MICRO-TOUCH<sup>®</sup> Everyday, Everywhere Protection

MICRO-TOUCH<sup>®</sup> premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.

# **MICRO-TOUCH®** Plus Sterile
