Heavy Duty

Heavy-duty impact gloves with an additional palm layer, for advanced cut resistance

- **Heightened defenses:** RINGERS® R259 heavy-duty work gloves are developed with a TPR (thermoplastic rubber) design and F3 Technology™ to deliver impact protection with dexterity and comfort
- **Improved grip and durability:** Their synthetic leather palm offers wearers better grip, while ensuring advanced EN- and ANSI-compliant abrasion resistance
- **Added protection:** These impact gloves' Kevlar®-stitched additional palm layer grants EN 388 level E and ANSI/ISEA level A5 cut resistance, for truly dependable hand protection
- **Enhanced features:** These RINGERS® gloves also feature an extended neoprene wrist closure, ensuring a secure fit, while a high-visibility external surface improves worker safety

Industries

- Manufacturing
- Oil and gas

Applications

- Engagement and release of drill string slips
- Chaining up pipes
- Installation and dismantling of rigs
- Environmental clean-up and remediation
- Handling iron
- Maintenance
- Operating of heavy machinery
- Equipment maintenance and repair
- Pipe handling
- Loading and hauling

R-259

Heavy-duty impact gloves with a Kevlar®-stitched palm for advanced cut resistance

Key Features

- **Patented TPR design:** Knuckles, thumb and finger-length impact protection
- **Synthetic leather palm:** For increased durability and grip
- **Additional palm layer:** Advanced cut resistance

Performance Standards & Regulatory Compliance
