R-259B

Waterproof heavy-duty impact gloves, with advanced cut resistance for assured hand safety

Impact | Cold | Abrasion Protection | Cut | Liquid Spray and Splash | Oil | Heavy Duty

Waterproof heavy-duty impact gloves, with advanced cut resistance for assured hand safety

- **Specialized protection:** RINGERS® R259B impact gloves' patented TPR (thermoplastic rubber) design, developed with F3 Technology™, provides knuckles, thumb and finger-length protection
- **Advanced defenses:** An additional palm layer enhances cut resistance, while a waterproof barrier and liquid-resistant coating at the top of the hand ensure dry, dependable personal protection
- **Optimized usability:** Their advanced construction includes a durable bond between each layer, limiting glove separation when doffing
- **Strengthened grip:** A synthetic leather palm ensures superb grip
- **Enhanced features:** These RINGERS® gloves increased visibility design, with reflective cuff piping, further enhances safety levels, while an extended neoprene wrist closure ensures a secure fit

Industries

- Manufacturing
- Oil and gas

Applications

- Engagement and release of drill string slips
- Chaining up pipes
- Facility and machinery maintenance
- Installation and dismantling of rigs
- Handling iron
- Operating of heavy machinery
- Equipment maintenance and repair
- Pipe handling
- Handling materials with sharp or rough edges
- Loading and hauling
- Hydraulic repair
- Re-fuel oil fluid and diesel

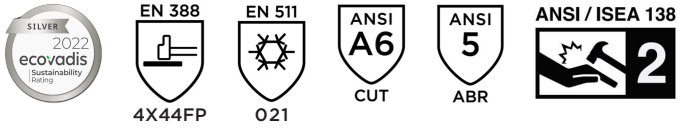

R-259B

Waterproof heavy-duty impact gloves, with advanced cut resistance for assured hand safety

Key Features

- **Patented TPR design:** Knuckles, thumb and finger-length impact protection
- **Waterproof barrier and liquid-resistant coating:** For safe, dry hands
- **Additional palm layer:** Advanced cut resistance capabilities

Performance Standards & Regulatory Compliance
