R-299

Durable heavy-duty impact protection gloves, offering advanced cut resistance and grip

Impact | Abrasion Protection | Cut

Durable heavy-duty impact protection gloves, offering advanced cut resistance and grip

- **Enhanced grip:** RINGERS® R299 impact gloves feature a durable grip system on the palm and fingers, for high-performance grip levels in heavy-duty conditions
- **Advanced defenses:** These RINGERS® gloves also boast an additional palm layer, granting wearers heightened cut resistance for a variety of applications
- **Specialized protection:** Their patented TPR (thermoplastic rubber) design, developed with F3 Technology™, knuckles, thumb and full length of the fingers, delivering ANSI/ISEA 138 level 2 impact protection
- **Enhanced features:** These heavy-duty gloves also feature a convenient extended airprene wrist closure with TPR pull tab, as well as Kevlar® palm stitching and an increased visibility external surface, for added safety and security

Industries

- Oil and gas
- Construction
- Manufacturing
- Mining
- Industrial

Applications

- Engagement and release of drill string slips
- Chaining up pipes
- Installation and dismantling of rigs
- Preparation of site - unloading of lines and valves
- Handling iron - rigging work
- Handling of tools
- Seizing structural and body parts

R-299

Durable heavy-duty impact protection gloves, offering advanced cut resistance and grip

Key Features

- **Durable grip system:** For advanced hand protection with superb grip
- **Additional palm layer:** Heightened cut resistance
- **Patented TPR design:** Knuckles, thumb and finger-length impact protection
