

# **R-337** Extrication impact glove with a durable grip system.

Impact Liquid Spray and Splash Vibration

# Increased visibility extrication gloves, offering impact protection for search and rescue operations

- Specialized protection: RINGERS<sup>®</sup> R337 extrication gloves have been developed with F3 Technology<sup>™</sup>, with a comfortable, dexterous TPR (thermoplastic rubber) design for excellent impact protection
- Optimized grip: Thanks to a durable grip system around the palm and fingers, they ensure excellent grip performance, facilitating search and rescue operations
- Enhanced features: These safety gloves' increased visibility external surface and reflective markings make them noticeable, for enhanced safety, while an extended neoprene cuff, featuring a gaiter closure, keeps out debris
- Heightened mechanical protection: Kevlar<sup>®</sup> stitching around the palm also enhances durability and cut resistance

### Industries

- Mining
- Oil and gas
- Emergency Medical Services

### Applications

- Rescue extraction from confined spaces
- Operating of heavy machinery
- Crushing and unloading ore
- Shipping and loading of product
- Vehicle Maintenance
- Equipment maintenance Scaffolding Pipe handling and insulation Plumbing and sand blasting

## **Key Features**

- Patented TPR design: Knuckles, thumb and finger-length impact protection
- Durable grip system around palm and fingers: Superb grip performance
- Neoprene cuff with gaiter closure: Debris is kept out, improving safety

### **Performance Standards & Regulatory Compliance**
