

## Chemical protective sleeves, affording puncture, snag and abrasion resistance

(Palm Thickness: 0.1mm/3.9mil)

- **Added protection:** Sleeve VSW-HS 59-002 is composed of flexible and unsupported vinyl designed to guard wearers against chemical hazards, such as splashes from certain chemicals
- **Enhanced features:** These chemical-resistant arm sleeves are completely heat-sealed, with unexposed elastics at the extremities, and are ideal for the life sciences and food processing industries
- **Advanced defenses:** Sleeve VSW-HS 59-002 is not only puncture, snag and abrasion-resistant but also protects against chemicals, fats, oils and greases

*CAUTION: The elastic band on this product may contain natural rubber latex, which may cause allergic reactions in some individuals.*

### Industries

- Life Sciences
- Food Processing

### Applications

- Loading and unloading of trucs and vehicles
- Canning
- Bottling
- Storing and transportation
- Loading and unloading of proces equipment
- Transferring liquids and solids
- Packaging and labelling
- Packing of fillets and ground meat

# AlphaTec™

## 59002

Economically priced arm protection for practically every application

### Key Features

- **Superior flexibility:** For light-duty chemical-resistant sleeves
- **Completely heat-sealed:** Increased safety levels
- **Excellent mechanical resistance:** Superb arm protection
