

Previously known as: MICROGARD® 2500 Overboots SOCO - Model 409

Durable and breathable overboots, designed with microporous laminate technology.

- **Certified performance:** Developed specifically for police forensic scene of crime officers, AlphaTec™ 2500 STANDARD Overboots SOCO Bound - Model 409 complies with EN 14126 standards and affords superb protection from biological agents, including blood, bodily fluids and blood-borne pathogens
- **Advanced defenses:** Owing to its unique microporous polypropylene laminate fabric, this durable yet comfortable personal protection footwear guards against harmful chemical sprays and infective agents
- **Reduced contamination risks:** In addition, these chemical-resistant overboots are particularly suited for critical areas, as they are low linting and do not pose any contamination risks

Industries

- Defense

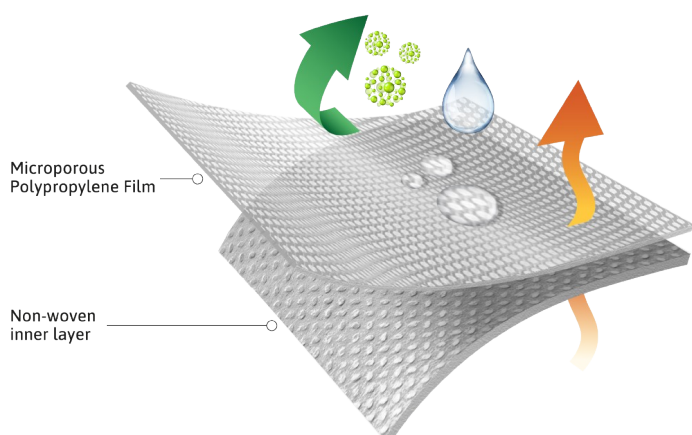

Applications

- Transferring liquids and solids
- Spill or leakage cleanup
- Unexpected leakages spills or other releases
- Plant disinfection and sanitization
- Maintenance
- Emergency Response
